## HISTORICAL BACKGROUND OF JOM

In 1871, Congress discontinued the policy of treaty agreements with Indian tribes. For the next half century the Federal Government continued to assume the major responsibility for Indian education through the actual operation of Government schools or by paying the equivalent of “non-resident” tuition to public school districts enrolling Indian children. This early effort was implemented by legislative authority contained in the BIA’s Appropriation Act of February in Regulations adopted in that Act are still nominally in effect as Part 33, Title 25 Indians, although superseded under the authority of the JOM Act. For the most part, the educational efforts focused primarily on Indian reservations which were surrounded by public domain or territorial status land.

The transition of responsibility for Indian children from the Federal government to individual states is a direct result of two basic factors. (1) the organization into States formerly in territorial status, each state recognizing in its constitution the responsibility to equally provide education opportunities for all State citizens; and (2) the Citizenship Act of 1924 granting American citizenship to all Indians residing within the continental United States. Therefore, by virtue of Indian citizenship and Indian rights under the 14<sup>th</sup> Amendment of the U.S. Constitution, the responsibility for the education of the American Indian is primarily that of each State and local school district.

Although the legal responsibility of equality in education for America’s children rests with the states it is recognized in basic state laws, the Federal Government also recognizes its responsibility for assisting states under certain circumstances. The JOM Act of April 15, 1934 (48 Stat. 596), as amended by the Act of June 4, 1936 (49 Stat. 1458), is such a circumstance.

## LEGISLATIVE HISTORY OF JOM

The JOM Act (73 Cong., 2<sup>nd</sup> Session, Chs. 146-1481 April 16 1934 (Title 25 452-455) provided the Secretary of the Interior with the authority to arrange with the states or territories for the education, medical attention, agricultural assistance, relief of distress and social welfare of the Indian and for other purposes.

In 1934, Hiram W. Johnson was Chairman of the Senate Committee on Indian Affairs and Thomas P. O’Malley was Chairman of the House Committee on Indian Affairs. Mr. Johnson introduced the bill S2571, in February of 1934. The report of the Senate Committee (S. Rpt. 511) was identical with that of the House (H. Rpt. 864), and stressed the bill was designed to handle “*Indian problems with those States in which the Indian tribal life is largely broken up and in which the Indians are to a considerable extent mixed with the general population.*” It was felt that where such circumstances prevailed, health and other problems were “so intermixed with that of the general health of the community that it is difficult to separate the two.” The committee felt separate white and Indian health facilities were “uneconomical and contrary to efficient administration.” By this bill the state could handle the services to both white and Indians with the Federal Government bearing the added expense for services to the Indian population. The committee noted the Indian Service had already established the precedent of arranging with many local communities to take Indian children into the public schools, but...lacked the authority to transfer such functions on the broader basis to the States.

Prior to 1958, the JOM Program was a basic Federal Aid program specifically designed to assist public school districts to educate Indian children from reservations and other Indian-owned, tax-exempt land areas. On August 12, 1958, Public Law 81-874, administered through the Department of Health, Education and Welfare, providing financial assistance to public schools was amended to include assistance for educating Indian children. This broader based Federal aid program met most of the basic financial needs of eligible school districts. Subsequently, the JOM program became a supplementary aid program geared to offset the financial deficit of unmet extraordinary and exceptional cases of need. Funds were available for operational purposes as distinguished from construction needs.

JOM funds were made available to states based on separate plans negotiated between BIA and the respective States or tribal corporations for the express purpose of supplemental Federal assistance for educating Indian children in public schools. These funds, in turn, were administered by the States or tribal corporations to local school districts.

The purpose of the regulations established in Part 273 of Public Law 93-638, the Indian Self-Determination and Education Assistance Act was to set forth the application and approval process for education contracts under the JOM Act. Any State, school district, tribal organization or Indian corporation is eligible to apply for a contract.

**These regulations were written to ensure the maximum participation of Indian parents in the development of programs for eligible Indian students.**

**SUBPART M—INDIAN SELF-DETERMINATION AND EDUCATION ASSISTANCE  
ACT PROGRAM  
PART 273-EDUCATION CONTRACTS UNDER JOHNSON-O'MALLEY ACT**

**25 CFR 273**

**273.4 Policy of maximum Indian participation**

The meaningful participation in all aspects of educational program development and implementation by those affected by such programs is an essential requisite for success. Such participation not only enhances program responsiveness to the needs of those served, but also provides them with the opportunity to determine and affect the desired level of educational achievement and satisfaction which education can and should provide. Consistent with this concept, maximum Indian participation in the development, approval and implementation of all programs contracted under this part shall be required.

**Subpart B—Application Process**

**273.11 Eligible applicants**

- (a) Any State, school district, tribal organization or Indian corporation is eligible to apply for contracts for supplemental or operational support programs. For the purposes of this part, previously private schools as defined in S273.2(n) are considered tribal organizations.
- (b) States, school districts, or Indian corporations shall apply for contracts for supplemental or operational support programs as required in this part.
- (c) Tribal organizations must comply with the following requirements to obtain contracts for supplemental programs or operational support:

  - (3) The provisions in Sections 271.71 through 271.77 of this chapter concerning retrocession and reassumption of programs do not apply to a tribal organization retroceding a contract for supplemental programs or operational support as the Bureau does not operate education programs authorized to be contracted under the Johnson-O'Malley Act. However, the tribal organization may retrocede such a contract and the Bureau will then contract with a State, school district, or Indian corporation under this part for the supplemental programs or operational support.
  - (4) The requirements in Sections 273.12 through 273.18, 273.20, 273.21, 273.31 through 273.38, 273.41, 273.51 and 273.52 shall apply to such contracts with tribal organizations.
  - (5) The requirements in 41 CFR part 14H-70 shall apply to such contracts with tribal organizations. [40 FR 51303, Nov. 4, 1975, as amended at 41 Fr 5098, Feb. 4, 1976]

## JOM ENROLLMENT PROCEDURES AND VERIFICATION

An important segment for the JOM program is the enrollment process and student certifications. First and most importantly, is that the student qualifies for the JOM program by meeting the JOM criteria and eligibility. This verification is accomplished in the Creek Nation JOM office. Secondly, forms need to be properly filled-out and all proper documents need to be attached and submitted to the Creek Nation JOM office for verification. Procedures that must be followed:

### Eligibility

- The student must be enrolled with a federally recognized tribe.
- **Eligible students-25 CFR 273.12 ELIGIBLE STUDENTS** (Code of Federal Regulations (CFR) 25, Part 273.12 Indian students, from age 3 years through grade(s) 12, except those who are enrolled in Bureau or sectarian operated schools, shall be eligible for benefits provided by a contract pursuant to this part if they are  $\frac{1}{4}$  or more degree Indian blood and recognized by the Secretary as being eligible for Bureau services.*(Federal tribes whose citizenship is determined by lineage may have less than a  $\frac{1}{4}$  degree on the CDIB card.)*
- Also accepted is a parent's tribal citizenship card or a CDIB card of a federally recognized tribe **if the parent's blood degree is 1/2 or more** with the student's original state certified birth certificate.

### Proper Documentation

- When submitting an enrollment form to the Creek Nation JOM office for verification, a copy of their tribal citizenship card, tribal letter verifying citizenship or CDIB card must be attached to the form.
- If the student is being verified by using their parent's card, the parent's tribal citizenship card or CDIB card must be submitted along with an original state certified copy of the child's birth certificate. These two documents will need to be attached to the enrollment form when submitting for verification. We do not and will not accept anything other than **state certified birth certificates**. Hospital certificates will not be accepted.
- Enrollment forms must be correctly filled-out with correct documentation or the forms will be returned and the process will be stopped until proper documentation is presented.

### Count Week

- This is the week we count enrolled JOM students and the student must be actively enrolled in the school. This count number is utilized in determining funding amounts for schools. Count week is always the first full week of October and the count of students stops on Friday of that first week. That number becomes your school's Count number. The JOM student count number **must be sent to the JOM office by Friday of the following week on the transmittal form**

lfrank@mcn-nsn.gov Transmittal forms are included in the handbook and on our website [www.muscogeenation-nsn.gov](http://www.muscogeenation-nsn.gov).

- Schools will have until the end of the third week in November to submit all student enrollment forms for verification of JOM students for the school year 2016/2017 count, and for other changes to their roster, i.e. transfers, drop-outs, etc.

### Roster

- The final roster will be printed in January and the student count, after adjustments, will be sent to the schools on the final roster printout. If for some reason schools feel their final count is inaccurate, they will have ten days after receipt of the final roster to make a changes.

**COUNT WEEK**

Count Week is the first full week in October which is October 3rd-7th this year. At the end of Count Week, all schools will be required to tabulate and count their eligible JOM student enrollment, which ends that week.

Each school will be required to send in the count number using the Student Count Transmittal eform on our webpage, and should reach our office by Friday of the second week of October which is October 14th, 2016. Student Transmittal forms are located in the Roster Section of the JOM Handbook.

Schools will have until November 18, 2016 to submit all student verifications and other changes to their rosters, ie: transfers, drop-outs, re-activate, inactivate, etc., for all students seeking eligibility.

Sometimes being a Parent Committee Member means to look at every possible solution to a problem and be willing to accept the best solution even if it may not have been the solution you thought of. ## EDUCATIONAL SUPPORT

Educational support funds are for purchasing necessary items for a student involved in an academic or school-related activity. The type of aid that is provided should enable the student to fully participate in the educational programs available through the school.

The local Indian Education Committee (IEC) is responsible for determining the eligibility of students and items to be purchased.

Only items approved by the IEC, LEA and JOM office may be purchased.

All educational support funds will be paid and accounted for by the JOM contractor.

All items purchased with educational support funds become the property of the eligible student for whom it was purchased, except for lease-purchase items such as band instruments.

Educational support items include but are not limited to:

School supplies, instrument rental, lab fees, PE clothing, test fees, graduation gowns, cultural supplies/materials, sports activities, extra-curricular supplies, science projects and eligible incentive awards.

## SAMPLE GOALS AND OBJECTIVES

### PARTS OF A PERFORMANCE OBJECTIVE

A well constructed objective will say the same thing to everyone and show the same outcome. In other words, no surprises! To ensure that everyone is fairly together in this idea, a performance objective should include the following four parts:

\*\*\*\*\* **WHO** relates to the person to perform the activity?

\*\*\*\*\* **WHAT** is to be known or done?

\*\*\*\*\* **WHEN** relates to a specific point in time when something will have been learned or completed.

\*\*\*\*\* **HOW** will it be measured relates to assessment techniques.

### **EXAMPLE 1:**

In school X, it is identified that during the school year the Indian High school students had an absenteeism rate of 25% as compared to 7% for the other high school students. The Indian Education Committee is concerned about the absenteeism rate and indicates a desire to reduce the rate by at least 10%.

### **OBJECTIVE:**

The current year absenteeism rate of 25% for Indian High school students will be reduced by 10% by ... (end of school; semester; etc..) JOM staff will identify and offer incentives for students to attend class.

### **ANALYSIS:**

The Committee's intent to reduce the absenteeism rate is clear and the time frame for the objective is met. Now a program can be developed to reduce the rate of absenteeism.

### **EXAMPLE 2:**

The needs assessment results indicate the importance of providing basic school supplies to eligible students

### **OBJECTIVE:**

100% of JOM students will be provided the opportunity to begin the school year with basic school supplies. Distribution dates and times will be published in the local newspaper, Muscogee Nation News and newsletters.

## **ANNUAL NEEDS ASSESSMENT SUMMARY**

Each Indian Education Committee is required by federal regulations to conduct the needs assessment process on an annual basis. As an IEC member, the responsibility for developing, printing, distribution and compiling of the results lies with the entire JOM IEC committee.

Parents, students and school administrators or teachers may fill out a needs assessment survey but only the **PARENTS** responses are to be used in prioritizing the top three (3) choices. The students are secondary and those by school administrators or teachers would be used only as an information resource.

### **GUIDELINES FORMAT & DISTRIBUTION**

1. Decide survey design. Surveys should include either yes or no type questions, written comments, or selective ranking, etc. Review annually for any necessary changes.
2. Determine what questions and items will be used. Remember that your Title VII program may already be addressing one or more of your needs assessment items.
3. Obtain objective information to document the existence of the identified need items. Drop-out rates, attendance records, student grade reports, etc.
4. Decide effective distribution method. Look at previous methods and initiate the most successful.
  - A.** Mail or e-mail
  - B.** Telephone
  - C.** School Supply Distribution
  - D.** Student hand delivery. Look at using incentives for a higher return of parental surveys.
5. Collect the returned survey results and prioritize according to needs ranked highest.
6. Determine which prioritized needs will be addressed in your JOM program. Remember that the application budget should reflect the program results.
7. Set time lines for each step of the Needs Assessment process and submission deadlines for effective time management.
  - A. IEC review of needs assessment survey to be used.
  - B. Set distribution date of needs assessment survey. **(at least 2 months prior to JOM application deadline)**
  - C. Deadline for submission of surveys distributed
  - D. Date set for tallying responses and prioritizing needs.
  - E. Preparation date for JOM program application utilizing the prioritized needs in addressing the education goals and objectives.

### **NEEDS ASSESSMENT PROCESS EVALUATION**

- 1. Is the Needs Assessment reviewed on an Annual Basis?**
- 2. Does the Needs Assessment reflect the needs of the community?**
- 3. Did the Needs Assessment survey form allow for community concerns through written comments or need for any public hearing?**
- 4. Did the IEC use the prioritized Needs Assessment results to list their goals and objectives in the JOM application education plan?**

## NEEDS ASSESSMENT CHECK LIST

1. **Why have a Needs Assessment?**
  - A. Direction of Program (Objectives) and Parent Committee.
  - B. To write the goals and objectives under the education plan of each New JOM application.
  
2. **How to Develop a Needs Assessment Survey**
  - A. Borrow forms from other JOM Programs.
  - B. 'Fine Tune' with your own community/Native American Population/School.
  - C. Keep up with changes in opinions and within your community.
  
3. **When should you send them out?**
  - A. At least two (2) months prior to the JOM application deadline to Creek Nation
  
4. **Who should complete the survey?**
  - A. The Parents of eligible JOM students attending school in their respective district.
  - B. Students, school administrators and teachers may complete one, but they should be kept separate and compiled separately from parents. By federal regulation, PARENTS HAVE THE GREATER VOICE.
  
5. **What process can you use to get the survey out to the parents?**
  - A. By mail or school newsletter
  - B. School supplies distribution time, school activities or functions and IEC meetings.
  - C. Direct calling (Remember student confidentiality)
  - D. Home delivery through students.
  
6. **How to use the information?**
  - A. Compile the information (staff and/or IEC).
  - B. Rate and prioritize answers according to importance selected
  - C. Report findings at the Parent Committee (IEC) meeting.
  - D. Compare with budget. Make sure there's no overlap of services with another program.
  - E. Write Goals and Objectives based on the prioritized top three items selected on the Needs survey.
  
7. **Use Incentives to have a greater return on your Needs Assessment**
  - A. Your program budget allows for incentive purchases in the IEC budget.

## WHAT ITEMS THE JOM FUNDS MAY BE USED ON

There are a number of different types of programs which school districts and Tribal Contractors can operate. These programs should be developed according to the needs of the eligible Indian students as determined through a needs assessment conducted by the parent committee and/or contractor. The amount of Johnson O'Malley funds available to the contractor will also determine which programs can be reasonably and successfully implemented and operated.

Another factor to be taken into consideration when planning activities is to ensure that Johnson O' Malley funds are used to support existing programs (supplemental) and not replacing programs that are being provided by another funding resource (supplanting).

- A. **Supplemental Programs** – Programs that support and are in addition to existing programs in the public schools. Johnson O'Malley funds **cannot** be used to replace existing programs but may be used to support or enhance the regular school programs.
- B. **Supplanting Programs** – Supplanting means establishing or building programs using Johnson O' Malley funds which the school should already be providing from their regular budget. Johnson O' Malley funds **cannot** be used to replace funds which should be provided for existing programs. Supplanting is not legal in Johnson O' Malley programs.

### Examples of some types of programs currently being conducted through JOM:

**Tutorial/Aides** – Under this program, tutors or aides are provided to assist the classroom instructors. Tutors provide one-on-one assistance to students needing special attention. Aides provide general assistance to a group of students, but may also provide one-on-one assistance if the situation calls for it.

**Teacher Aide** – Assist teachers with skills reinforcement.

**Tutors** – Provide tutoring on a scheduled basis.

**Head start/Kindergarten Enrichment** – Funds identified for this service may be utilized in a variety of ways, such as staff, supplies and equipment.

**Family Liaison** – Personnel, normally someone from within the community, employed to assist the school, parents and students with school related issues such as attendance, grades or other problems.

**Alternative Program** – Funds utilized for this component provides for staff, supplies and equipment in an alternative setting and uses different methods and techniques than the students experience in a more traditional program.

**Indian Education Committee Activities** – Funds budgeted for this activity enables members of the Indian Education Committee to participate in training and attending educational workshops and provides opportunities to share information with other Johnson O' Malley programs.

**Cultural Activities** – Cultural activities in the form of art, music, literature, history enrichment projects, field trips and speakers are an important part of Native American heritage. Local community resource people are asked to provide enrichment activities to schools.

**Substance Abuse Counseling** – Unique counseling programs for those students with poor scholastic and attendance records who may have undetected alcohol or drug abuse problems.

**Career Development Counseling** – Activities designed to inform students of career opportunities, job skills or higher education programs available.

**Educational Support** – In order to ensure that program funds for this purpose are expended in a manner to meet the greatest need, the IEC, with input from the contractor, should develop eligibility guidelines and specific areas where assistance may be provided. The type of aid that is provided should enable the student to fully participate in the educational programs available through the school.

**Education Incentive Awards** – Incentive awards for students who have excelled and meet one or more of a clearly defined criteria. The awards should be based on citizenship, good/perfect attendance, academic achievement (grades), active school participation, active leadership or potential artistic ability (fine arts, music, drama, dance, Native American cultural/crafts), sports achievement and improved attitude/behavior.

**Pro-Rata** – Tribal contractors and state and local school officials should be cautioned about non-eligible students participating in its program and activities funded solely through JOM funds. Whenever such participation is of significant percentage and impact, provisions should be made to prorate the cost with other funding sources.

## **EDUCATIONAL SUPPORT GUIDELINES**

- ◆ No reimbursement will be made for items not included in an approved educational support budget.
- ◆ An itemized voucher or invoice, purchase order or copies of actual receipts must be used as documentation of purchase.

# JOM Parent Committee Training Trainers Test

Some of the JOM Program Coordinators may opt to give their own IEC training instead of having the parents attend trainings provided by the MCN/JOM Program. This is fine as long as the trainer covers all of the areas that are mandated. The following trainers test is provided to you. Once completed and returned to the MCN/JOM Program, your test will be evaluated and you will be notified of the results. This test is our assurance that each trainer fully understands the JOM and is able to train their parent committee members to the best of their ability. We will be assured that the trainer has a full understanding and knowledge of the requirements.

If you have already conducted your own IEC training you will need to submit this test for FY 2016-17. If your IEC members have attended the Regional Meetings, that will count as their mandated training, but if they have not attended and you as the Director plan to give the training, you must pass the following test.

1. This test is given to allow you to conduct your own IEC Training instead of having your IEC attend the regional trainings.
2. As a trainer you must pass this test with an average of 85% in order to conduct the IEC training.
3. You will be allowed to take this test as many times as needed to meet the required 85%.
4. This is an open book test. You are allowed to use any information (JOM handbook, IEC handbook, Federal Code of Regulations etc.) to assist you. You can even call the MCN/JOM office and ask where to find the answers if you can't locate it. We are not trying to make this a burden; we just want to make sure that all areas are covered.
5. The object of the test is not that you memorize the material, but you know where it is and how to use the materials provided to you.
6. The MCN/JOM Program wants to make sure that each of our 45 IEC's are being trained in the same manner and that there is consistency in meeting compliance of the MCN/JOM and federal regulations.
7. Once you passed this test, you will receive a certificate as a trainer for the IEC signed by the JOM Manager. You will maintain that certificate for three years. A renewal certificate will be issued after that.
8. You can send this in by e-mail once completed.
9. You will be notified of the results and your certificate will be mailed to you and placed in your school file.

## Definition of "in loco parentis"

This definition is provided so that tribes would have the option to allow grandparents, and other extended family members who are raising their grandchildren, nieces and nephews the opportunity to serve on the JOM parent committee. Within the Indian communities it is unlikely that extended family members have legal custody (court documentation) of the children they provide 24 hour care for. This definition is provided to offer the JOM program the ability to include those extended family members, who are the primary care givers, the responsibility to be involved in the education of their grandchildren.

*In loco parentis* is a Latin phrase defined as: "in the place of a parent". The English language definition is: "Acting as a temporary guardian of a child." (Black's Law Dictionary).

Johnson-O'Malley Indian Education Committee members, who are exercising *in loco parentis*, should also have daily responsibility for a student's health, safety and welfare.

PARENT – The term parent includes a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with who the child lives, or a person who is legally responsible for the child's welfare).

The term "in loco parentis, according to is generally accepted common law meaning, refers to a person who has put himself in the situation of a lawful parent by assuming the obligations incident to the parental relation without going through the formalities necessary to legal adoption. It embodies the two ideas of assuming parental status and discharging the parental duties....The key in determining whether the relationship is found is the intention of the person allegedly in loco parentis to assume the status a parent toward the child. The intent to assume such parental status can be inferred from the acts of the parties. Other factors which are considered in determining whether in loco parentis status has been assumed are (1) the age of the child; (2) the degree to which the child is defendant on the person claiming to be standing in loco parentis; (3) the amount of support, if any, provided; and (4) the extent to which duties commonly associated with parenthood are exercised....

The definitions of the term "in loco parentis" are often context specific, and no court-or regulation- has defined the term exhaustively. The presence of a biological parent in the home may foreclose another from holding the status of "in loco parentis."

During this section, you would explain how the JOM funds are being used and if there are any other funding sources that assist the program. Example: If you have Title IX and JOM you can explain which program funds what or if programs are co-funding to make them work.

C. Program updates

During this section, you would have the staff give an overview of the programs that are available through JOM. How the parents can get their children involved and who they can contact.

## 7. Public Comment

Remember that a public hearing is not a debate but a format for the JOM parents and student to voice their opinions. The IEC may not agree with their opinions but their opinions ARE important to the program. My advice if it turns into a debate is to say “Thank You for your opinions and the IEC will take it under consideration.” You are not there to change their minds just to listen to them and inform them of the program and how their input will assist in the planning. Explain that the public hearing along with the written needs assessment will be used to develop the JOM Application for FY 17.

If you have a small group, have everyone stand up and introduce themselves. If you have a large group ask those who wish to speak to please (either stand where they are and address the IEC or come to the front and address the IEC). Make sure they give their name (for the one taking the minutes) and the ages of their children in the JOM program. This way you would know for sure that the people speaking are JOM eligible parents. You can also have students give their testimonies at this time.

You may want to set some type of guidelines: examples as follows:

1. 3 minutes per person to speak
2. No interruptions while a person has the floor
3. Comments must pertain to the JOM program.
4. Comments should be what you like about the program, what you dislike and what changes you would like to see.

If no one wants to speak, encourage them by asking a specific parent what they like about the program. Pick people out of the audience and ask them what they would change. Just get them talking. Ask the children what they like.

18. Election You would take nominations from for the open seats, remember that I recommend that you elect parent committee members and not officers. Officers should be elected by the parent committee once they are all seated. If you hold an election by office then parents won't run if the only position open is chairperson. You would scare away potential parents. If you first elect them on the committee and then let them select their leadership it makes it easier. Follow the sample in the By-laws, article V, section 1.

## 19. Closing

Let the parents know that the IEC will review their comments and try to make the improvements in the JOM Program. Thank them for coming and have prepared some door prizes.

19. Door Prizes ( you can give tickets out when the parents turn in their needs assessment)

According to federal regulations, a JOM can purchase incentive items, such as door prizes for the parents. This incentive clause was made to encourage parents to become actively involved in their children education. You can buy gift cards, or gifts but try to keep them within a reasonable price range.

## 20. Announce date of next IEC meeting

Let the parent know when the next IEC meeting will be and encourage the parents to come.

## 21. Adjournment

You may ask for a closing prayer or just dismiss
