

## Installing Mvskoke Language App on an Android device

**Note:** Since you can download content on Google Play using your device's Internet connection, you don't need to connect your device to your computer. As long as you have a strong Wi-Fi or mobile data (3G/4G) connection on your device, your apps will start downloading immediately. If it's your first time downloading an app on Google Play, you may be asked to create a Google account to download your application.

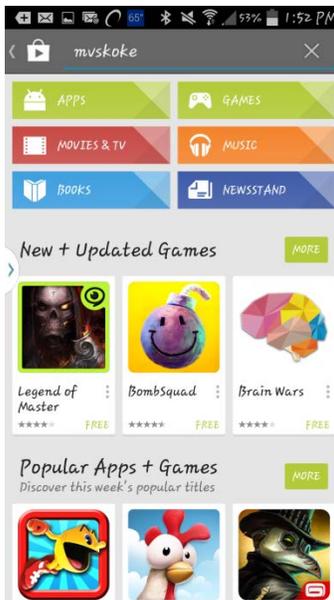

1. Open the Google "Play Store" app on your device.

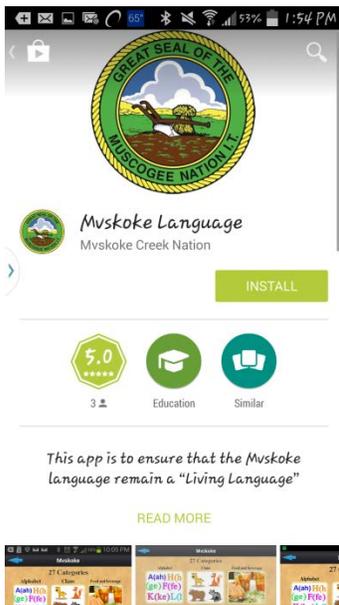

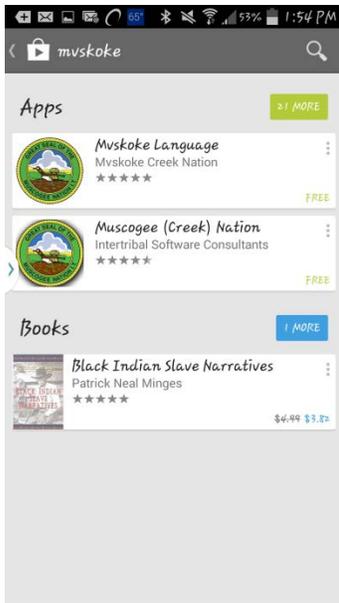

2. Click the "🔍" in the top right corner to bring up the search bar.

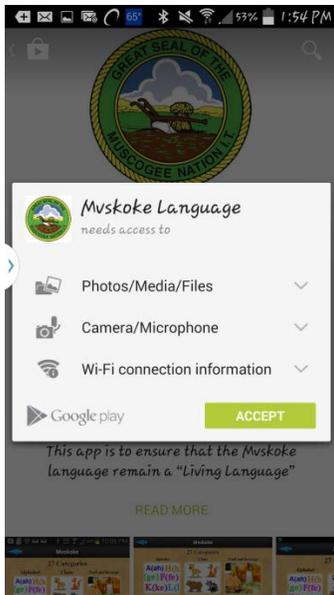

3. Search for the Mvskoke Language app using the word “mvskoke.” Tap the “🔍” to search.

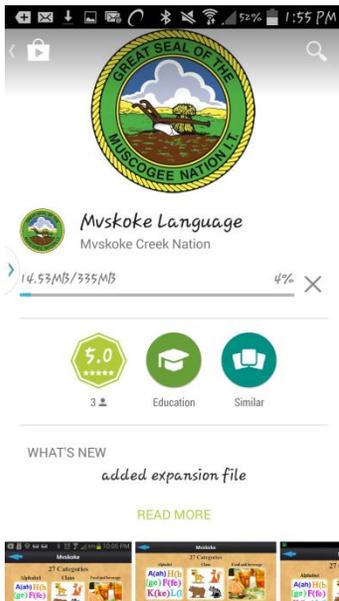

4. You'll see the “Mvskoke Language” app at the top of the list. Tap the app and click “install.”

5. Accept any prompts.

- The app will now download and install. It is quite large, so it will take a few minutes to complete.

- Once it has finished, press “open” and the app with open. It will also make a shortcut called “Mvskoke Language” on your home screen.
