To Whom It May Concern:

Please accept this letter as my full support of the Muscogee (Creek) Nation Family Violence Prevention Program and their request for VOCA funding. CNFVP has been instrumental in serving victims in the Native American community and beyond. The experience and dedication of each employee to provide trauma informed services and collaborate with the service providers in the area is both inspirational and a necessary component for positive victim outcomes.

The scope in which CNFVP is able to cast their net has helped hundreds of victims, including those in harder to reach areas. OCFRC is excited about the sexual assault services, which includes a group of highly trained professionals ready to respond to those in crisis. These services will allow victims of sexual assault to get the help they need without traveling to Tulsa or beyond. As those in rural communities know very well, available resources are a key component of effective advocacy and treatment.

If you have any questions or need additional information, please do not hesitate to contact my office.

Warmest Regards,

Kimberly D. Deer, MA
